TECHNOLOGY

Q3® FABRIC

QUICK-WICK, QUICK-COOL, QUICK-DRY.
Q3® technology wicks moisture away from the skin and transfers it to the fabric's surface for evaporation.

QTECH™ COOLING FABRIC

QTech™ Cooling technology draws moisture away from the head to provide a rapid cooling sensation. QTech™ Cooling products reduce temperature up to 5°F, features antimicrobial properties that eliminate odor-causing bacteria for long term scent control, and offers 40+ UPF protection.

ProFlex® SWEATBAND

Gives you the look and comfort of a fitted cap. Perform with a perfect fit!

ProFlex® ADJUSTABLE **NEW**

We have combined the ProFlex® sweatband with an adjustable closure to create the most comfortable and perfect fit yet.

D-FIT® CLOSURE

An adjustable hook/loop tape closure around a D-Ring attached to an elastic band to ensure the perfect fit.

EXPAND-A-BAND

A stretchable elastic band that adjusts to fit most head sizes.

DOUBLE X™ SIZE

Select styles available in Double X™.
Styles adjusted to fit 7 5/8" - 8 1/8" cap size.

CURVED OR FLAT VISOR

Wear it how you want it. Every cap with this feature has an easily shaped visor that will easily adjust from curved or flat.

OC HIBEAM®

Uses 3-Click illumination to light the path, distance or both. 3 white LED lights in the visor, and 1 white LED on under visor.

REFLECTIVE ATTRIBUTES

Capable of reflecting light for improved visibility in the dark.

UV SHIELD

We carry a variety of UPF rated products to protect your skin from excessive UV rays that cause skin cancer and premature aging.

SCENT DESTROYER

Scent Control System technology eliminates odor-causing bacteria for long-term scent control.

LADIES FIT SIZING

This fit has a smaller circumference, shortened crown and smaller visor to ensure a great fit just for ladies.

eco3® PRESERVE • ENDURE • SUSTAIN

Each eco3® cap has a feature designed to preserve, endure and sustain.

BAMBOO CHARCOAL ATTRIBUTES

Wicks moisture, naturally inhibits the growth of odor-causing bacteria and is thermo-regulating.

REPREVE™ SUSTAINABLE FABRIC **NEW**

A traceable and certified recycled synthetic fiber. Repreve textiles are made from recycled plastic bottles woven in to soft polyester textiles for use in our sustainable products.

REALTREE®

In 1986, the founder of Realtree®, Bill Jordan, rented a booth at the Shooting, Hunting, Outdoor Trade (SHOT) Show on credit. Bill spent the week of the show selling his own camo pattern creation and hiding from SHOT Show officials after purchasing the booth on credit. By the end of the show, Bill had enough buyers invested in his garment prototypes that he was able to settle the bill for his booth.

This type of faith and determination is what Outdoor Cap looks for in a brand. We value our relationships with partners like Realtree® so that we can offer our customers the best of the best.

BATTLEFIELD TO BACKCOUNTRY®

Kryptek® was founded and is operated by veterans with extensive combat experience, and hardcore backcountry hunting field-craft. Their expertise on the battlefield and in the backcountry has been fused to develop the Kryptek® line with pure authenticity and extreme credibility. The Kryptek® family of camouflage has been rigorously tested by the U.S. Department of Defense, with Highlander, Mandrake and Wraith being selectively used by both the U.S. and Coalition Special Operations Units.

As the leading manufacturer of camo headwear in the U.S., Outdoor Cap is proud to partner with a new, key player in the outdoor hunting industry. It is a privilege to share their values of faith, family and country and to offer our customers yet another outstanding line of fully functional camo products and patterns.
